Mr. Sean Spiller, Chairperson
Congressional Contact Committee, NJEA
180 West State Street
Trenton, NJ 08607

Dear Sean,

I wanted to take this opportunity to share my gratitude for your leadership and guidance in support of my Education Advisory Committee meeting this past October. It was a pleasure sharing insights with you and the other fine educators and administrators at the event.

I also appreciate your concerns regarding a few of today's most troubling issues surrounding the children of middle class families, overreaching republican ideas, and the new bullying reforms taking place. Please know that I share your concern and will do my best to represent you and the rest of my district to the fullest extent in Washington.

I look forward to working alongside you in the coming year. If my staff or I can be of any assistance moving forward, please do not hesitate to contact me.

Sincerely,
